- Asset management
- Payment integrations
- Business analytics

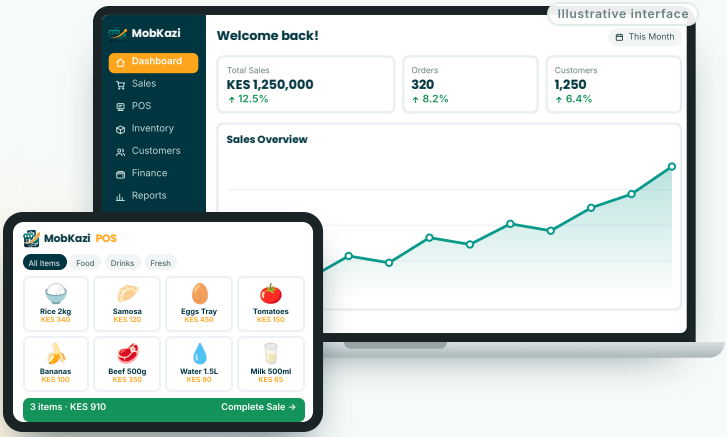

Our platforms

pos.mobkazi.com · erp.mobkazi.com · app.mobkazi.com

Modules vary by package — ask us for a demo of what fits your business.

BUSINESS SOFTWARE IN ACTION

Every sale, item and shilling — in real time.

- Real-time insights
- Multi-branch
- Receipts & barcodes
- Easy to use

CUSTOM SOFTWARE DEVELOPMENT

Built around the way your business works.

We assess your requirements, then design and develop the system you need — or adapt one of ours.

Assess — Design — Develop — Integrate

Custom business software

Bespoke management systems · Industry-specific platforms · ERP & CRM customisation · Sales, inventory & procurement apps · Accounting workflow integrations · Approval workflows & admin portals · Reporting dashboards · Subscription & billing platforms · Multi-branch & multi-tenant apps

Integration & modernisation

API development · Third-party integrations · Legacy system modernisation · Data migration · System integration

READY PLATFORMS

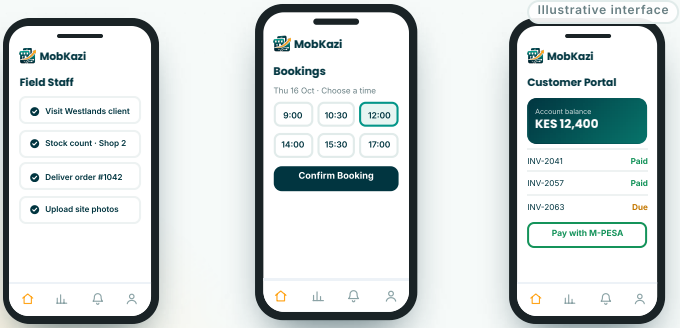

POS, ERP, Security and ISP systems you can start using.

CUSTOM PROJECTS

Scoped and quoted after a requirements assessment.

MOBILE & WEB APPLICATIONS

Apps for your team and your customers.

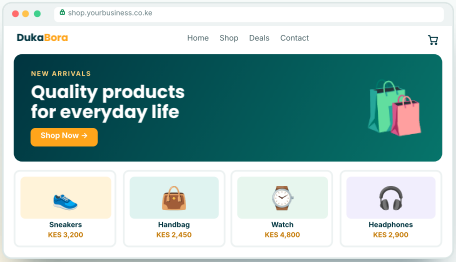

What we build

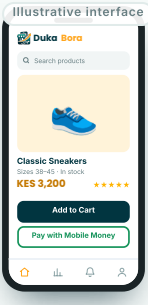

Mobile apps — Android & iOS where scoped · Progressive Web Apps (PWAs) · Employee & field staff apps · Customer self-service apps · Booking & service apps · Mobile sales & inventory · Secure login & role permissions · Push notifications where supported

WEBSITES & E-COMMERCE

Your business. Beautifully online.

Platforms built around how your business really works — not just attractive pages.

Websites & platforms

Corporate & business websites · Landing pages · Online shops & catalogues · Booking & reservations · School & organisation sites · Tourism & hospitality sites · Customer & supplier portals · Custom web applications

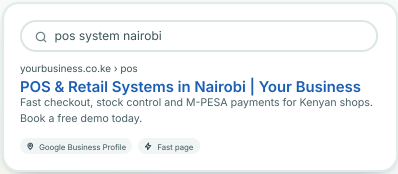

Setup & care

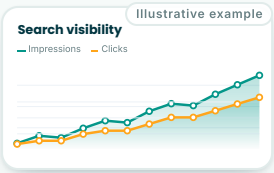

Domains & business email · Hosting, maintenance & updates · Mobile-responsive design · Performance optimisation · Payment & WhatsApp integrations

SEO & DIGITAL GROWTH

Build your presence. Get discovered.

A measurable, ongoing process to help customers find you online.

Search engine optimisation

Technical SEO audits · On-page SEO · Local SEO for Kenya · Google Business Profile · Search Console setup · Indexing & sitemaps · Keyword research · Content optimisation · Speed & Core Web Vitals

Growth & measurement

Analytics & traffic tracking · SEO performance reports · Social media content · Ad creative assets · Landing page & conversion improvements · Digital presence consulting

We do not promise guaranteed rankings, leads or traffic — we measure and improve.

CREATIVE STUDIO, BRANDING & PRINT

Your brand deserves to stand out.

Brand identity & design

Logo design · Complete brand identity · Brand guidelines · Colour palettes & typography · Logo redesign & brand refresh

Corporate documents

Business cards & stationery · Letterheads & envelopes · Company profiles & brochures · Proposal, quote & invoice templates · Presentations · Email signatures

MARKETING DESIGN & PRINT

Marketing that gets noticed.

Design samples

Marketing & promotional design

Posters & flyers · Bifold & trifold brochures · Catalogues & menus · Roll-ups & exhibition stands · Social media & ad creatives · Event posters & invitations · Packaging & labels · Merchandise artwork · Certificates & ID cards

Printing & production

Business cards · Flyers & brochures · Posters & banners · Bulk promotional print · Stickers & packaging · Signage & displays

We design, prepare print-ready artwork and coordinate print production for you.

CLOUD INFRASTRUCTURE & SERVERS

Reliable infrastructure behind every system.

```
admin@app-server
$ docker compose ps
NAME STATUS
app running
postgres running
proxy running
$ systemctl status nginx
● nginx.service active (running)
$ backup --verify latest
✓ backup verified
```

Illustrative interface

SSL / TLS
Certificate active

Backups
Scheduled daily

Monitoring
Alerts enabled

Servers & hosting

VPS & cloud setup · Linux administration · App deployment · Docker · Web servers & proxies

Data & backups

PostgreSQL & databases · Backup & restore planning · App & data migrations

Domains & security

SSL/TLS · DNS & domains · Cloudflare · VPN & remote access · Server hardening

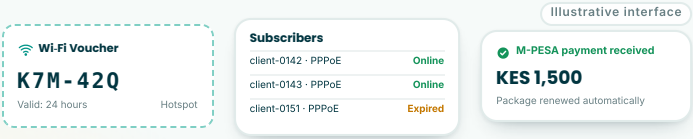

DevOps & care

CI/CD & Git · Uptime monitoring · Performance tuning · Maintenance · Cost planning

NETWORKING & ISP SOLUTIONS

Connected offices. Smarter ISPs.

Business networks that just work — and ISP platforms that bill and manage subscribers for you.

Business networking

Wi-Fi installation · Structured cabling · Router & switch setup · MikroTik administration · Office network design · Access points · Firewall & segmentation · Monitoring & troubleshooting · Multi-site connectivity · IT equipment setup

ISP management

PPPoE & Hotspot · RADIUS integration · Subscriber administration · Internet billing · Wi-Fi vouchers · M-PESA-linked billing

isp.mobkazi.com

WORKFORCE & HR

Manage your people. Know what's happening.

From staff records to field operations, in one workforce solution.

HR & Staff
Records · Roles

Sites & Posts
Locations · Deployment

Attendance
GPS clock-in/out

Field Ops
Patrols · Checkpoints

Rosters
Shifts · Coverage

Timesheets
Hours · Approvals

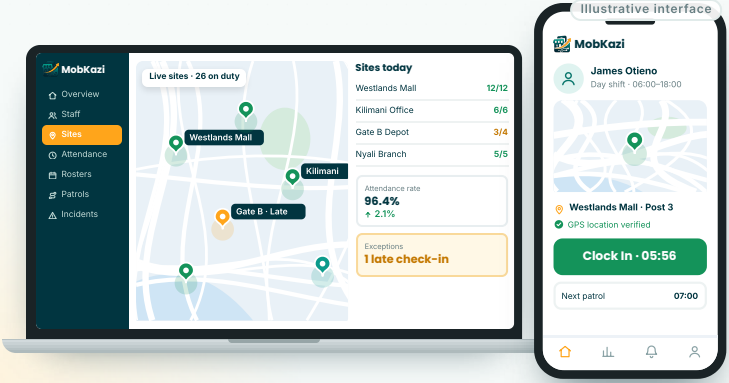

Incidents
Reports · Evidence

Payroll Ready
Approved hours

Security firms · Field teams · Multi-site businesses

LIVE WORKFORCE VIEW

See every site, shift and patrol.

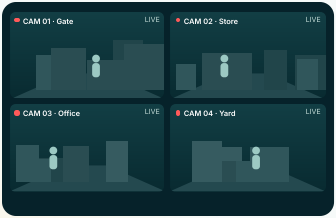

Safer operations · Accountable teams · Higher productivity

CCTV, BIOMETRICS & ACCESS CONTROL

Protect your premises, people and assets.

Installed, configured and maintained by our team.

Illustrative

- IP cameras
- NVR systems
- Biometrics
- RFID cards
- Door access
- Visitor desk

Surveillance

CCTV installation & configuration · IP cameras & NVR · Remote viewing setup · Networked surveillance

Access & attendance

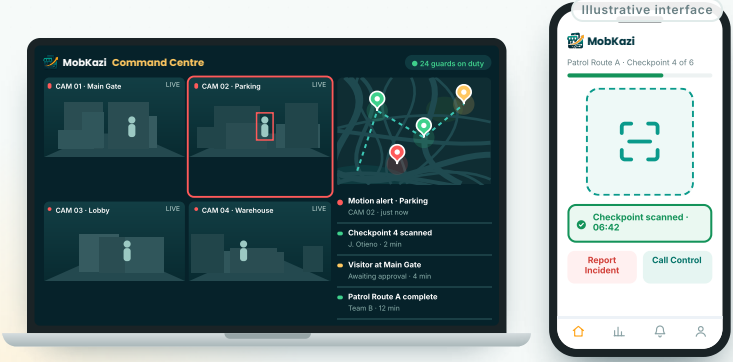

Biometric access control · Fingerprint & RFID · Door access & entry · Attendance capture · Visitor management

Service & maintenance

System servicing · Repairs & upgrades · Health checks

SECURITY OPERATIONS SOFTWARE

See everything. Respond faster.

Platform features

Command Centre dashboards · Guard & staff management · Patrol scheduling · QR checkpoints · GPS attendance · Shift rosters · Incident reporting · Sites & posts · Exception monitoring · Team messaging · Timesheets · Management reports

security.mobkazi.com

PAYMENTS, APIS & AUTOMATION

Payments that reconcile themselves.

Capture, match and report every transaction — and automate the busywork.

Payments

M-PESA integration · Paybill & Till · STK Push where supported · Reconciliation · Online checkout · Banking where supported

Integrations

Payment APIs & webhooks · KRA eTIMS integration readiness · Reporting integrations · Data sync between systems

Automation

Automated invoices · Notifications · Business workflow automation

AI & business automation

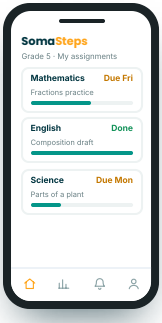

EMERGING · SCOPED PER PROJECT

Reporting assistance · Support workflows · Document processing · Process automation

EDUCATION & SPECIALISED PLATFORMS

Platforms for every sector.

Illustrative

SomaSteps

Digital learning, assignments and school administration workflows — one example of the platforms we build.

somasteps.mobkazi.com

Solutions we can develop or adapt
